ENEMY LOST AVERAGE OF 61 AIRCRAFT AND OVER 100 PILOTS DAILY SINCE THE FIRST BLITZKRIEG SHOCK

THE BRITISH GAMECOCK—Cartoon by Illingworth from the London Daily Mail.

WE WILL BE REALLY VERY DISAPPOINTED IF HITLER DOES NOT TURN UP

LONDON, AUG. 18 (REUTERS).—"WE SHOULD NOT HAVE LIKED HITLER TO COME BEFORE WE WERE READY TO RECEIVE HIM, but we are quite ready to receive him now, and we will be really very disappointed if he does not turn up," declared Mr. A. Duff-Cooper, Minister of Information, broadcasting last night.

Another H.K. Submarine Overdue

LONDON, Aug. 18 (Reuters).—An Admiralty communiqué states:

"The Secretary of the Admiralty regrets to announce that the submarine H.M.S. Orpheus (Lieut.-Comdr. J. A. Wise, R.N.) is considerably overdue and must be presumed lost."

WAS IN COLONY

The Orpheus was formerly stationed in Hongkong with the 4th Submarine Flotilla and was commanded by Lieut.-Comdr. C. J. Blake. Other officers included Lieut. J. S. Buddard, Lieut. T. E. Barlow, Sub-Lieut. P. F. Fawkes and Wt. Engineer A. T. Wilkinson. Of 1,475 tons she carried one 4-inch gun and was commissioned at Dalmuir on April 2, 1930.

ODIN LOST

It will be recalled that another Hongkong submarine, H.M.S. Odin, was reported last week to be considerably overdue and presumed lost.

LONDON, AUG. 18 (REUTERS).—GERMANY'S AVERAGE DAILY LOSS IN AIRCRAFT FROM AUGUST 8, WHEN SHE TOOK HER FIRST BLITZKRIEG SHOCK, UNTIL HER LUFTWAFFE PAUSE YESTERDAY, WAS 61 AND IN AIRMEN OVER 100, STATES REUTER'S AIR CORRESPONDENT.

Other enemy aircraft were written off and damaged on the ground in R.A.F. night raids and a few were brought down by offensive British patrols over the European coastline.

THE R.A.F. LOST AN AVERAGE OF 15 FIGHTERS DAILY IN THE DEFENCE OF BRITAIN. Three was the average of bombers lost in attacks on Germany and Northern Italy. Less than 20 men daily were killed, wounded or captured.

V.C. FOR PILOT ALMOST BLINDED

LONDON, Aug. 18 (Reuters).—The Air Ministry announced that His Majesty the King had conferred the Victoria Cross on Acting Flight-Lieut. Roderick Alastair Brook Learoyd.

As First Pilot of a Hampden aircraft, Fl.-Lieut. Learoyd had repeatedly shown the highest conception of his duty and complete indifference to personal danger in making attacks at the lowest altitudes regardless of the opposition.

On the night of August 12 he was detailed to attack a special objective on the Dortmund-Ems Canal. He had attacked this objective on previous occasions and was well aware of the risks entailed.

INTENSE FIRE

To achieve success it was necessary to approach from a direction well known to the enemy through a line of specially disposed anti-aircraft defences and in the face of intense fire.

Cont'd Page 7, Col. 7

The full and officially revised table of German and British losses, from Aug. 8 to 16, inclusive, in the air war over Britain shows that Germany has lost 552 aircraft and Britain 131 fighters. The R.A.F. also lost some 33 bombers on its own raids.

Up to Aug. 14 the German losses were approximately 160 bombers and dive-bombers, 137 fighters and other aircraft.

It is estimated from detailed examination of the types that this represented a loss in personnel of nearly 550 men.

Classification of the losses of the "record" days, Aug. 15 and 16 are not complete but it will probably be known that in the whole nine days Germany lost 400 aircraft and 1,000 airmen.

The British losses in personnel for the whole nine days totalled about 175. Forty-eight fighter pilots, whose aircraft were destroyed, were saved.

£3 MILLION FOR AIRCRAFT

LONDON, Aug. 18 (Reuters).—Lord Beaverbrook, Minister for Aircraft Production, announced that he had now received £3,052,841 from the public for the purchase of aircraft.

ENGLISH CHANNEL WATERS MINED

LONDON, Aug. 18 (Reuters).—The Admiralty notify that the following areas are dangerous to shipping:—

The waters of the English Channel to the east of a line drawn from Bishop's Rock Light, latitude 49 deg. 52 minutes N., long. 6 deg. 27 minutes W., to the Chaussée de Sein and lat. 48 deg. 34 minutes N., long. 5 deg. 5 minutes W.; approximately.

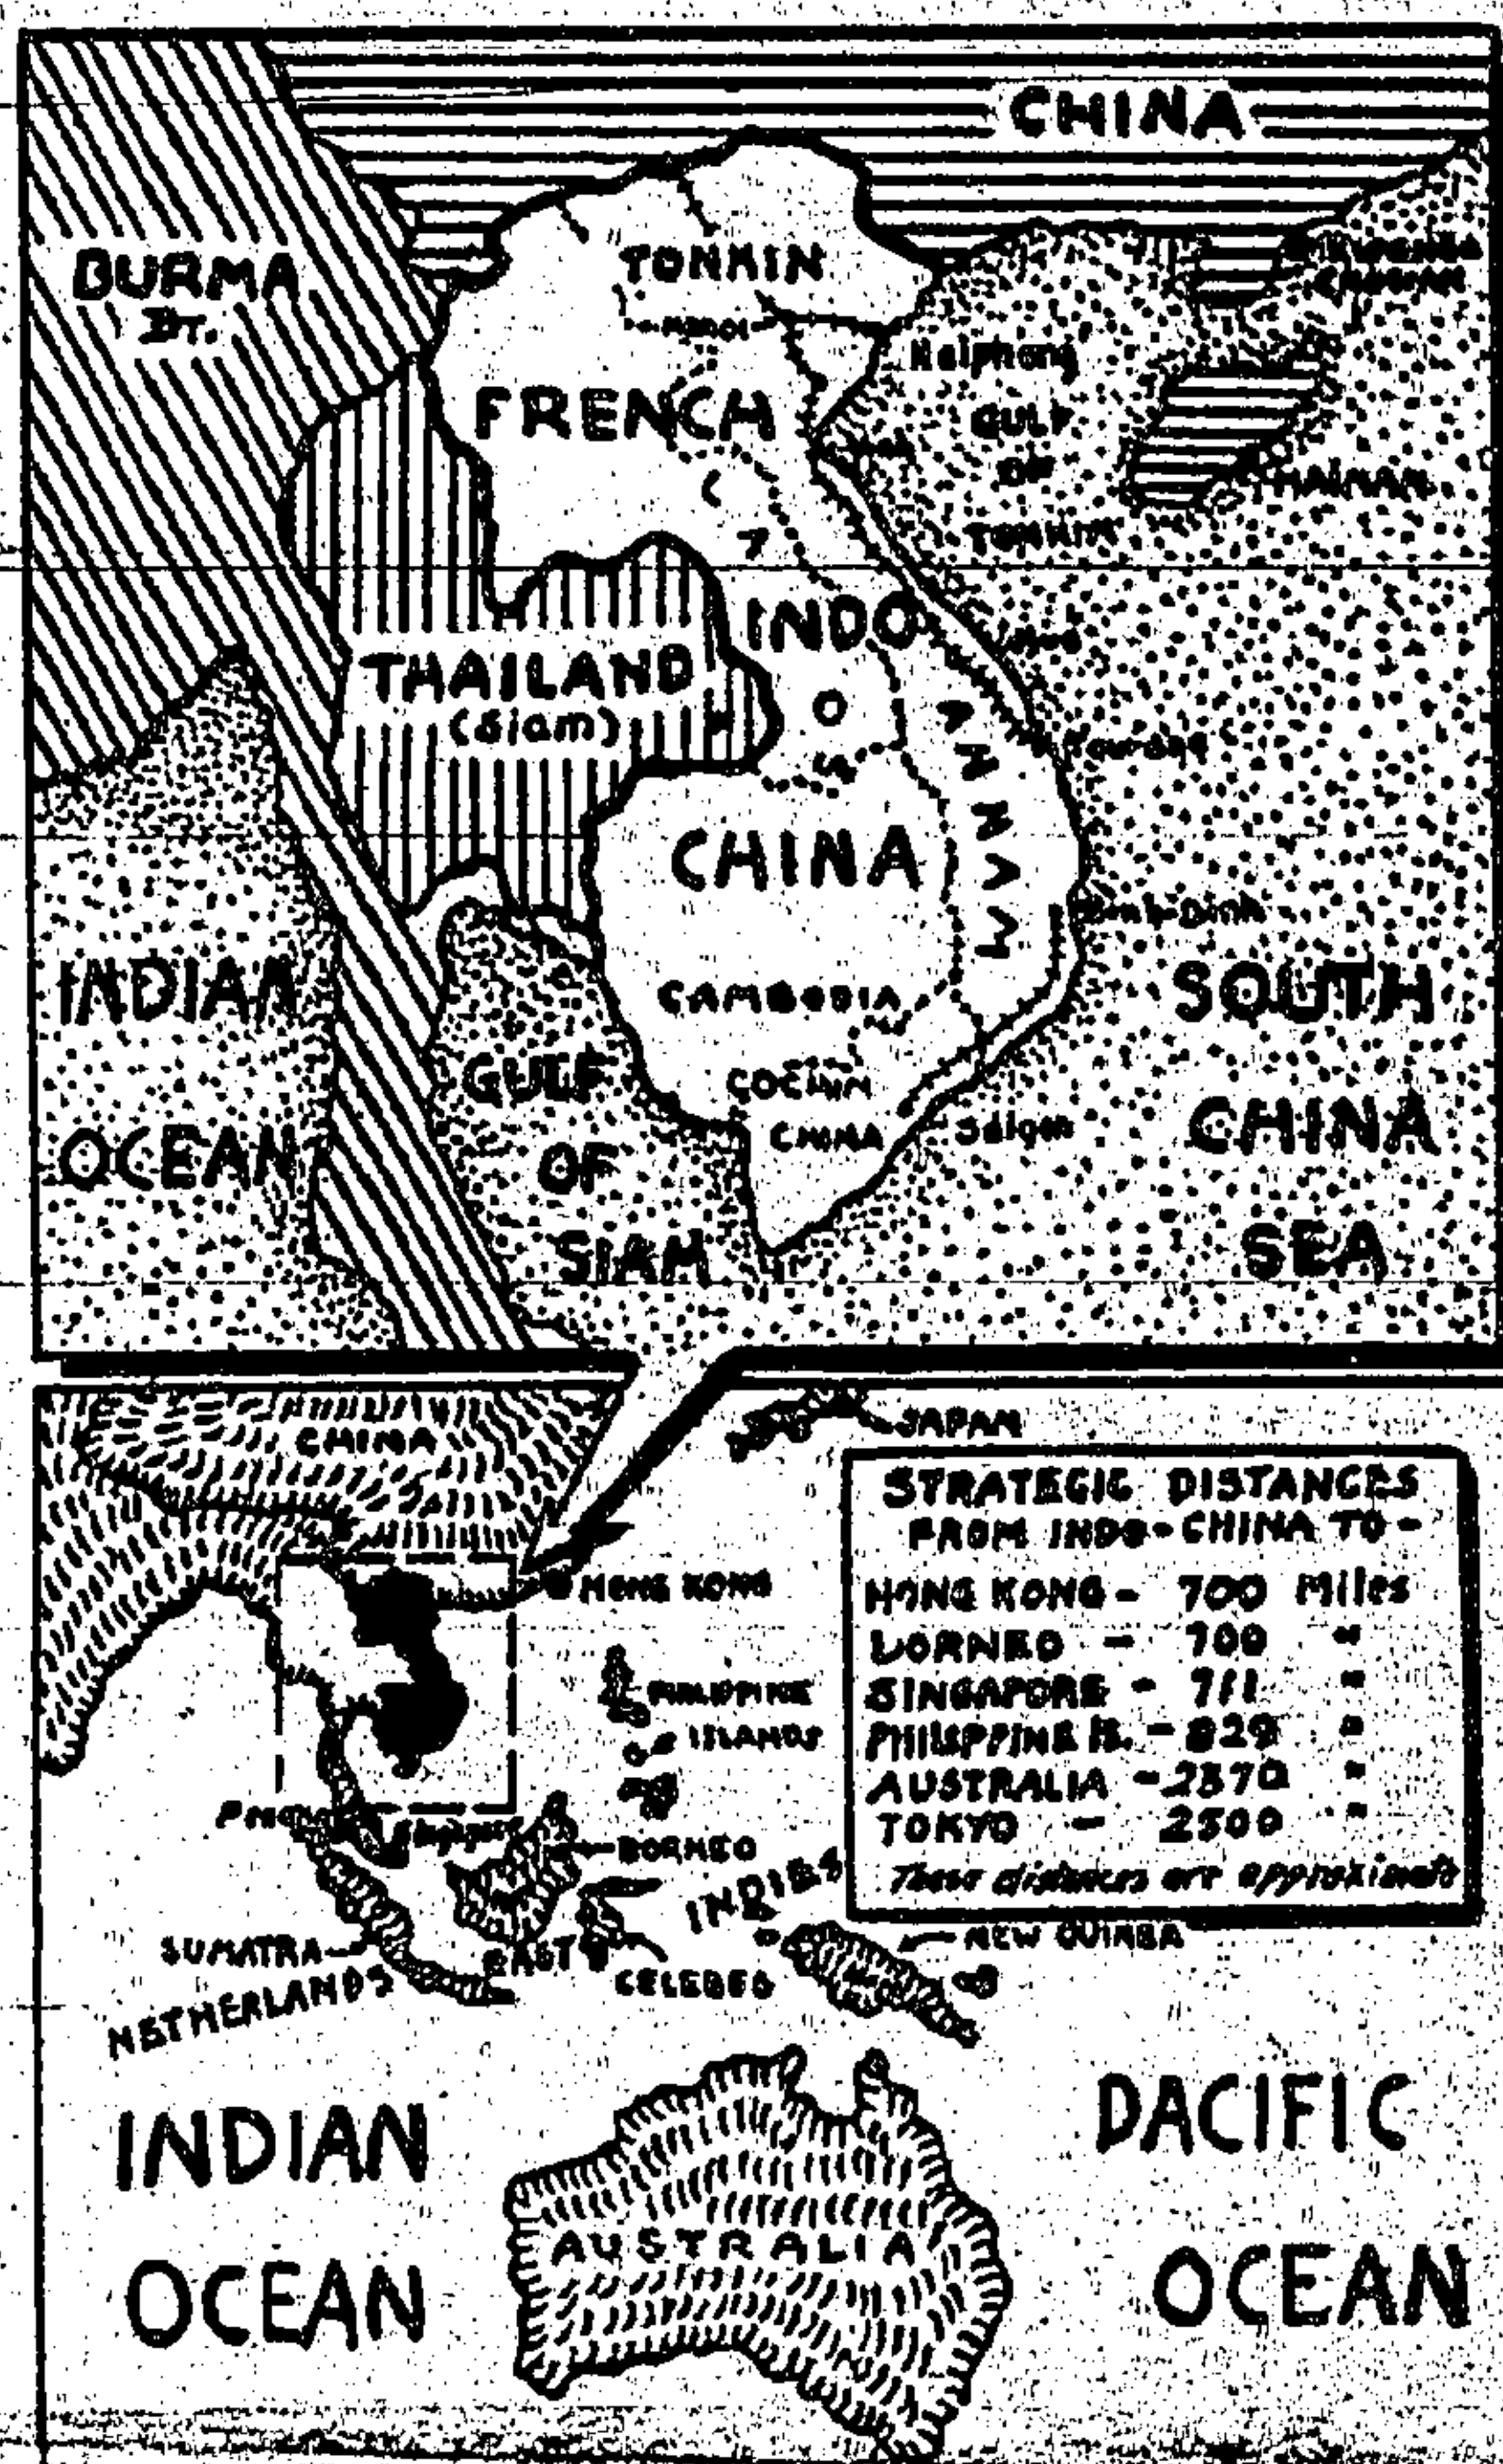

All waters in the Bay of Biscay lying eastward of a line drawn from Chaussée de Sein to Le Socca Light, lat. 43 deg. 23.7 minutes N., long. 1 deg. 41.2 minutes W.

APPLY FOR INSTRUCTIONS

Masters of vessels bound to or from British ports in the English Channel should apply for routing instructions to the Naval Control Service Officer if in a British port or to the British Consul if in a foreign port.

Any vessels disregarding the terms of this notice do so at their peril.

Strategically located, as indicated by mileages in the map, Indo-China already is far on the way toward domination by Japan. American, British, and Netherlands interests are affected, as well as French.

CLOSER FRANCO-CHINESE CO-OPERATION IN THE EVENT OF AGGRESSION

SHANGHAI, Aug. 18 (Reuters).—The attitude of the French Indo-China authorities to the Japanese demands for military bases and other concessions has stiffened in the past 48 hours, according to Chinese reports.

It is stated that arrangements have been made for closer Franco-Chinese co-operation in the event of aggression against Indo-China.

French and Chinese officials are reported to be meeting in Kunming, capital of Yunnan Province, to discuss joint defence measures.

POWERS WARNED

CHUNGKING, Aug. 18 (Reuters).—A warning to Britain, the United States, Germany and Italy concerning Japanese intentions in connection with French Indo-China was given by General Hsu Pei-keng in a special article published in yesterday morning's official Central Daily News.

General Hsu was former head of the Chinese air force and Chinese military spokesman at Hankow, and is now chief staff officer to General Ho Ying-ching, the War Minister.

STRATEGIC IMPORTANCE

Commenting on the strategic importance of French Indo-China, General Hsu declares that to the north Indo-China controls the southern sea routes of China, to the east it offers a strong base for operations against the Philippines, to the south-east and south it controls the South Seas, Siam, and the Malay Peninsula, and to the west, Indo-China encircles Siam.

DUTCH NAVY AWARDS

LONDON, Aug. 18 (Reuters).—Awards for bravery in the defence of Netherlands waters during the Nazi invasion were made in London this morning, when six officers and 50 other ratings of the Dutch Navy were decorated.

One lieutenant received a Dutch award equivalent to the V.C. and another rating received an award equivalent to the D.S.O.

Japan's Four Demands To Thailand

CHUNGKING, Aug. 18 (Reuters).—According to Chinese reports Japan has presented four demands to Thailand (Siam).

The demands are said to be: right to establish military, air and naval bases in Thailand; permission to use the railway; conclusion of a mutual assistance pact; and

close co-operation between the military and naval forces of Japan and Thailand. An "important delegation" is said to have left Thailand for Japan to discuss the demands.

Propaganda Offensive In Turkey

ANKARA, Aug. 18 (Reuters).—A large scale propaganda offensive is being launched by the Germans in Turkey to coincide with the efforts of the German Ambassador, Herr von Papen, since his recent return from Germany to wear the Turkish Government away from its pro-British position.

A flood of colourful publications, some printed in Turkish, are being issued from German sources.

Berlin Announces Total Blockade Of England In Lengthy Statement

BERLIN, AUG. 18 (REUTERS).—A TOTAL BLOCKADE OF OF ENGLAND WAS ANNOUNCED IN A LONG OFFICIAL STATEMENT PUBLISHED BY THE GERMAN NEWS AGENCY which states that owing to England "breaking all international rules of sea warfare" the German High Command will henceforth use all means at its disposal for enforcing a "complete blockade of the British Isles."

THERE CAN NO LONGER BE ANY QUESTION OF ANY FREE SHIPPING IN THE SEAS AROUND BRITAIN, the statement insists, adding that neutral ships still sailing for England are subject to all dangers of warfare and, in the circumstances, they are being misused, "directly or indirectly, as auxiliary services for England."

Germany had sent a new Note to neutral countries requesting them to forbid their ships to enter the war zone.

"Every ship which sails for British waters in future exposes itself to the danger of destruction. The whole area is infested with mines. Planes will attack every ship."

The statement declares: "While some countries like the United States and Argentina, have for a considerable period declared the seas around England to be war zones and forbidden their ships, planes and citizens to enter these danger zones, such measures have not been taken by other neutral states."

Germany, the statement asserts, is acting in the interests of all Europe.

REPORT ISSUED

After the announcement, the German news agency sought to reinforce it by issuing a report that three large steamers had struck mines off the Isle of Man yesterday morning.

The agency stated that two of these ships sank and the third developed a heavy list. The official statement emphasises that the "Reich Government

— And Britain's Reply

LONDON, AUG. 18 (REUTERS).—A REPLY TO THE GERMAN HIGH COMMAND COMMUNIQUE ON THE BLOCKADE WAS ISSUED BY THE MINISTRY OF INFORMATION YESTERDAY EVENING.

It says: "The accusation that England has violated international rules of sea warfare comes singularly and inappropriately from Germany who has herself already violated all those rules in unsuccessful attempts to blockade the British Isles."

"In the course of these attempts Germany has for some time past been exerting her full powers of attack against neutral shipping of which 736,162 tons have been sunk since the outbreak of war, but this had not deterred neutral vessels from seeking the safety of British convoys."

"It, therefore, seems most improbable that Germany's words of warning will succeed now where violent deeds have signally failed. Moreover, the bulk of what was formerly neutral tonnage is now in the service of the Allies, including 82 per cent. of the Norwegian, 90 per cent. of the Dutch, 83 per cent. of the Belgian and 60 per cent. of the Danish mercantile marine."

REITERATION OF THREATS

"Some reason must, therefore, be sought for this elaborate official reiteration of threats which German propaganda has been uttering for many months. It can only be assumed that Germany hopes by renewed talk of a blockade to divert British attention from her projects of invasion or from a move which she may contemplate in some other direction."

"Britain is fully prepared for any eventuality," concludes the message.

NEW SPORTS SEASON HAS PROMISE OF BEING INTERESTING BY "RECORDER"

AUTUMN IS TO FOLLOW SUMMER and to usher in, with its coming, the new sports season. Football, rugby, cricket, softball and hockey are soon to arise from a summer-long hibernation.

It is even whispered, more audibly with every day, that there may again be a ladies' hockey season. Three score hockey players among the ladies who have not been taken away will certainly be clamouring for action before another month is past.

A BOGEY IS, however, rearing its head. The Colony's record rainfall has cared little for summer sport and an extension into the autumn is threatened by the lawn bowlers and the tennis-leaguers. The Lawn Bowls League is a good month behind in lost Saturdays and the Tennis League has suffered many a rainy day. In "A" Division, three matches only have been played to date.

Football:

IT IS INEVITABLE, though, that the new season should start even if on top of the old. Chinese football fans are talking in an ever louder buzz of the prospects of Sing Tao and the new football season will come in with as big a match as chance could have permitted when Eastern was drawn as Sing Tao's opponent in the first round.

The other teams are looking forward to a more interesting league, with South China sapped of their strength that has dominated the past several seasons. Police footballers are in an excitable frame of mind, and the Army and Navy teams are rounding into shape.

Cricket:

CRICKET appears to be doomed to a non-league season but friendly matches there certainly will be. Schools' cricket will be stripped of the formidable C.B.S. XI, but other schools will carry on.

Hockey:

MEN'S HOCKEY will be ushered in again by the Y.M.C.A. before many weeks are past, and the King's Park ground will be available for more 2nd XI games than were possible last season.

There are rumours in the air of a new hockey team to be drawn up from boys who left school this summer, but the Nomads have already spotted one or two of the best available new material for themselves. The boys are carrying on, however, and the new team may shortly announce its new name. For the present, friendly games are being arranged despite the heat.

Hongkong Hockey Club are almost certain to carry on, though Volunteer duties, that played havoc with Club ranks last season, are certain to be felt even more this year. The Army teams, the Indians especially, will be ready to give anyone a game.

Ladies' Hockey:

LADIES' HOCKEY, though with very modified league probabilities, may carry on. There are quite a few hockey players left among the ladies in the Colony, but the problem to be faced is that of comparative strength.

Hongkong Ladies and St. Andrew's Ladies can yet raise a full team, and both may be strengthened by recruiting the remnants of the "V" Ladies and C.B.A. teams of last season. The Argonauts, Brawn Cup Champions, will be strong enough to provide respectable opposition and Recreio Ladies are good for a game at any time.

A quadrangular tournament between the four teams would certainly be followed with some interest. A Brawn Cup League is highly improbable, though a promised Argonauts' junior team, a Recreio junior eleven and the D.G.S. are in the field.

Dismal Outlook:

THE HOCKEY ASSOCIATION TOURNAMENT faces a dismal future. Rumours are that Radio is determined to carry on despite the threat of a number of players being taken over by the Khalsa team. The Royal Engineers, after their good showing of last year, are quite certain to field a team again this year, and Police, Nomads and Recreio are probable starters.

C.B.A., K.I.T.C., University, R.A.Q.C. and Royal Signals are, however, doubtful starters.

Rugby Football:

RUGGER is looking forward to a highly interesting season with the promotion of Police to senior team status. Players are being recruited and, judging from the numbers who have signified their readiness to turn out this winter, a promising season may be looked forward to.

Softball:

SOFTBALL is certain to attract as many teams as entered last year in the various leagues, and the ladies' ranks are scarcely depleted. New faces are promised and new

DEATH OF MR. J.M. PINTO

Sportsmen in general and hockey circles in particular will learn with regret of the death of Mr. J. M. Pinto which occurred at Kowloon Hospital yesterday after a long illness.

The late Mr. Pinto, an all-round sportsman, was also a good footballer and tennis player. He played in several representative hockey matches, turning out for the Civilians against Combined Services and for Portugal in the International Tournament.

He first played for the all-conquering Incognitos and made with A. P. Souza as formidable a left-wing combination as has been seen in many years. He was in the team that won the now defunct Mamak Tournament and in later years was also in the Kowloon Indian Tennis Club team.

Last season, he played at inside-left for the Hockey Association Tournament champions, the Radio and Postal Sports Club.

The late Mr. Pinto, a native of Goa, was on the staff of the Mercantile Bank. He is survived by his wife, and by two brothers, Messrs. J. J. and C. Pinto, both of whom are in the Colony.

Names will find their way to local fame.

The new sports season, taken all in all, promises to be a very interesting one.

UNIVERSITY SWIMMERS IMPRESS AT S.C.A.A.

FINE SWIM BY NG CHAN-MAN TO EQUAL NATIONAL RECORD

A SUCCESSFUL GALA was held at the South China A. A. Pavilion on Saturday last when the home team entertained an aquatic squad from the Hongkong University and were overwhelmed by the big margin of 17 points to 31.

THE VARSITY TEAM proved themselves far too good for their hosts especially in the relays, while in the sprint events South China were unable to field a representative worthy of Ng Chan-man the crack University free stylist.

RECORD EQUALLED

The Meet opened with a remarkable success achieved by Ng Chan-man in the 50 metres free style when he was clocked in 27-4/5 secs, equalling the National record set in Nanking in 1935.

However, Ng was helped by a strong current and although this aided him in no small measure yet his performance was easily the outstanding feature of the Meet.

In the long distance event—the 400 metres free style—Yeung Cheung-wah (S. C. A. A.) swam exceedingly well to wrest first place from Kenneth Lo, the Varsity man, after a keen struggle.

Both relays in the programme—the 200 metres free style and the 150 metres Medley—were easily won by the visitors.

an hour, including two sixes and 15 boundaries). Border League—59 for 9.

Twickenham Cricket Club defeated an eleven composed of rugby players including the Rugby Union Secretary, Commander S. F. Cooper, by 120 runs.

Cricket Club—187 for 5 wickets declared. Rugby Union—67.

At Guildford, Surrey drew with Guildford. Surrey—189. Guildford—171 for 8 wickets.

RESULTS
—50 metres free style:—1. Ng Chan-man (U) 2. Au Kok-ki (U) 3. Au Leung-wah (S. C.) Time: 27-4/5 secs.

400 metres free style:—1. Yeung Cheung-wah (S. C.) 2. Kenneth Lo (U) 3. H. T. Tang (U) Time: 5 mts. 38 3/5 secs.

200 metres Breast stroke:—1. Hor Pun-kan (S. C.) 2. Hui Kwan-lun (U) 3. Yeung Yuk-wah (U) Time: 3 mins. 14 2/5 secs.

Portugal Wins: Ding-Dong Struggle In Friendly Game

BY R.O.Y.

WITH THE MAJORITY of baseball fans predicting a one-sided victory for Portugal over Britain in the first of the International Series, only a comparatively small number of spectators turned out to watch yesterday's programme which actually featured two of the closest games seen locally in any one day's card.

Owing to heavy rain on Saturday, the Mindanao-H.B. play-off for the League Championship could not be played and the League Committee will meet on Tuesday evening to set a date.

Reverting to the Portugal-Britain tie, the Portuguese boys went on a six-run rampage in the second stanza to indicate that early predictions were likely to be upheld. In that frame, Spotty Pereira walked, stole second and took third on a passed ball to score on Nick Beltrao's infield roller.

The latter also stole a sack, before Mike Mendonca captured on a foul fly, and was driven in by Bertie Gosano's three base drive to left. Bertie scored and Gerry Gosano took second when Patsy Jorge pegged low in an attempt to nail the former at the plate.

PORTUGAL HELD

Far from being daunted, Britain's representatives proceeded to tie the game up with two three-run rallies in each of the fourth and fifth frames while holding Portugal scoreless until the eventful seventh.

In Britain's fourth time at bat, Dave Leonard drew a pass, after Fox and Foley had been disposed of, dashing stole second and third and was driven in when Jorge slapped a sharp single to left. Patsy proceeded to stage the old shop-lifting act and romped all the way home when Spotty threw wild in attempting to cut him at second.

Denham Cray beat out a bunt and was pushed along when Taylor stopped a pitched ball with his ribs. Mike Mendonca then obliged with another wild peg to allow Cray to cross the counting station.

PERFECT TOSS

In garnering three more tallies in the fifth, Britain started off none too well when Heath filed out. Plug Gillespie started the rally with a drive to the right-field bank that got him three sacks and scored luckily when Mike Mendonca dropped

FOOTBALL CLUBS PRACTICE

Line-Ups Of Chinese Teams Uncertain

The football season opens officially on September 21 with the first round of the football league matches, and Clubs are coming fast into stride, with practice evenings in preparation for opening day.

Many valuable points have been lost by club in every season in the first month of the league, and keen on keeping these early points the various football clubs are fast making up their minds on the first games' line-up with over weeks to go to the opening date.

S. C. A. A. NERVOUS
Very nervous at the moment are South China and Sing Tao, two clubs claiming one another's players and unable at the moment to say anything definite on the formation of their teams for the coming season.

Both clubs are looking forward to the services of Leung Wing-chui, Soong Ling-sing, Fung King-cheung and Lai Chui-wing. These four players have already been registered with the Association by Sing Tao, and are improbable South China starters. However, four weeks is time enough for a change of mind. In the meantime, the line-ups of two major teams remain uncertain.

Prison School in Perak

With the idea of improving the mentality of young criminals, Perak has introduced school classes in the prisons. This innovation is well appreciated and arrangements are now being made to accommodate more classes in the future.

The Perak British Resident, Mr. N. F. H. Mather, says in his report on the State's progress last year that the classes were started in March last year and meant only for young prisoners who are serving long terms of imprisonment.

At the commencement there was only one class, but due to the assistance of a prisoner, Goh Kim Eng, it has been possible to have two.

MEDITERRANEAN FLEET IN ACTION: LIBYA BASES SHELLED

R.A.F. Destroy Submarine Piers In Tobruk Harbour

LONDON, August 17 (Reuter)—Heavy units of the British Mediterranean Fleet, including capital ships and cruisers, went into action yesterday when they carried out a severe bombardment of naval and military bases on the coast of the Italian colony of Libya.

News of the action is contained in a brief Admiralty announcement issued in London late last evening, which said that a British naval force under the Commander-in-Chief, Mediterranean, consisting of battleships and cruisers, bombarded the Libyan coast.

Aircraft of the Fleet Air Arm acted as spotters for the naval gunners and reported many salvos as securing direct hits on the objectives.

SQUADRON ATTACKED

During the bombardment the British squadron was subjected to a heavy attack by Italian bombers; no damage or casualties were inflicted on the British ships. At least one enemy bomber was shot down by our fighters.

DIRECT HITS

CAIRO, Aug. 17 (Reuter)—A Communique issued yesterday stated that Tobruk harbour, in Libya, was again raided by R.A.F. aircraft.

Direct hits were registered on a naval oil tank and submarine and naval jetties. Many hours later there was still evidence of fires caused by our bombers.

Our aircraft continued to harass enemy troop movements. In British Somaliland our bombers attacked Zella, an island nearby and Adagileh, concentrating on military targets and troop concentrations. Repeated reconnaissances were made over main roads in Somaliland.

ENEMY INTERCEPTED

Italian bombers tried to raid Berbera but were intercepted by aircraft operated by a French crew who succeeded in shooting down one enemy bomber and driving off the others.

This is the first instance of active participation by French crews with the R.A.F. in this theatre of war. Their valuable experience in aerial combat is now being successfully used and the operations over Berbera have

shown the French superiority over the Italians.

ABYSSINIA RAID

A communique issued in Addis yesterday stated that the R.A.F. bombed Addis and are believed to have considerably damaged a transport concentration.

Jijiga aerodrome was successfully bombed. Buildings and aerodromes at Dessie, in Abyssinia, were heavily attacked. All our aircraft returned safely.

ADMIRALTY COMMUNIQUE

LONDON, Aug. 18 (Reuter)—A communique states that the Commander-in-Chief of the Mediterranean reports that British naval forces under his command, consisting of battleships and cruisers, yesterday morning bombarded Bardia and Fort Capuzzo, in Libya, and other military objectives in the vicinity.

Fleet Air Arm aircraft were used for spotting during the bombardment and reported many salvos of hits on the targets.

Following the bombardment the Fleet was subjected to heavy bombing attacks by Italian aircraft. These caused no damage or casualties in the Fleet.

At least two enemy bombers were seen by the ships to fall into the sea shot down by the fighter escort provided by the R.A.F.

PATROL ROUTED

CAIRO, Aug. 18 (Reuter)—A communique says that patrols report that the enemy has now withdrawn from Fort Capuzzo.

There was nothing to report in Somaliland. In the Kismuk area, Sudan, Sudanese police routed an enemy patrol of 15 strong, killing seven of them.

The other fronts were quiet.

Hundreds Of Bombs Rained On Hydrogeneration Plant

CONTINENTAL RAIDS BY AIR FORCE

LONDON, Aug. 17 (Reuter)—Details were issued by the Air Ministry yesterday of a large-scale R.A.F. raid on a large German hydrogeneration plant at Lleuna, near Leipzig: one of the largest plants in Germany, it normally produces 400,000 tons a year.

It was the first time the plant had been bombed and our bombers met with intense heavy and light anti-aircraft fire, pom-poms and machine-guns, working in co-operation with searchlights.

In spite of the ground fire methodical attacks were carried out and tanks were left ablaze after hundreds of bombs had been dropped.

CHAIN OF FIRE

There was a long chain of fire on the ground from which poured dense columns of smoke.

The defences held their fire until our planes, held by the searchlights, were right over the target. One plane had shells in the cabin, tail and wing. Another plane had both sides of the fuselage damaged but dropped its bombs to such good effect that the plant's smokestacks collapsed.

DROMES BOMBED

In two instances our planes took care to identify the target before bombing. One pilot reported he failed to identify the target after cruising about for an hour. On the way back he was fired on by an A.A. battery and reduced its fire with his bombs.

Another pilot also failed to find the target and brought his bombs back to Britain.

In addition to bombing Lleuna on Friday night, R.A.F. bombers attacked oil tanks at Bremen, aircraft stores, an assembly plant, an air factory, military objectives in the Ruhr, and aerodromes in Germany and occupied territory. Three of our aircraft failed to return.

NORWEGIAN ACTION

LONDON, Aug. 17 (Reuter)—The Air Ministry announced that Hudson aircraft of the Coastal Command attacked and damaged a German anti-aircraft ship in Stavanger Fjord, Norway, yesterday morning.

SECOND NAVAL V.C. OF WAR

LONDON, Aug. 17 (Reuter)—The second naval V.C. of the war appears on a list of 688 names from Vice-Admirals to deckhands in a list of honours and awards mostly for Dunkirk, issued yesterday.

The V.C. is Lieutenant R. B. Stennard, R.N.R., of H.M.S. Arab, for the part he played at Namsos, where he saved his ship and many lives after five days of bombing attacks.

BRITISH ISLES BLOCKADED!

WISHFUL THINKING BY NAZIS

LONDON, August 17 (Reuter)—The official German spokesman in Berlin announced yesterday afternoon the "complete blockade of the British Isles."

Britain, it was announced, had broken all international rules of sea warfare and Germany would therefore use all means at her disposal to enforce the blockade. There is some speculation in London as to how she is to do this—her navy is hors-de-combat, her air attacks on shipping have failed and German troops are still as far off as ever from England.

LONDON, August 17 (Reuter)—The Swiss telegraphic agency said yesterday that more foreign planes flew over Swiss territory during Friday night.

IF P.I. MUST HAVE A MASTER LET IT BE U.S. NOT JAPAN

A warning to his people against the Asiatic Monroe doctrine launched by Japan and an earnest appeal that they get prepared for the emergencies that are likely to arise from the precarious situation caused by the wars in the East and in Europe was voiced by Assemblyman Prospero Sanidad of Ilocos Sur in a speech over station KZRH recently, reports the Manila Bulletin.

He was guest of the Commonwealth Association, advocate of the postponement of Philippine independence.

Sanidad declared that the Philippines enjoys today peace, prosperity and blessings of a democracy that secures to its citizen the amplest individual freedom but asserted that therein might lie serious dangers.

EXTERNAL DANGER

He said that this danger would come from sources, external, as represented by the aggression that might come from abroad abetted by fifth column tactics, and internal, arising from the softening of the physical and moral shew of the nation resulting from too much peace and comfort.

Incidentally, Sanidad drew attention to the sorry state of Philippine national defenses stating that while all nations are arming against potential aggression from the gang of international bandits stalking the world, the Philippines appears doing little about her military defenses.

"FINE AND DANDY"

Sanidad says everything is "fine and dandy" in the Philippines today, "there is not the slightest wrinkle upon the face of our national contentment. Evenly, we keep the tenor of our ways. We eat, we sleep, we dance, we make merry, for today we live. Tomorrow? What of tomorrow? Munana will take care of itself."

In that shape of mind lurks potential danger to the Philippines Sanidad said, and in this connection he spoke of the menace to the integrity of the country from the Japanese Monroe doctrine thus:

ORIGINAL DOCTRINE

"The original Monroe or history did not think of his self-interest. No thought of the selfish gain of his country ever inspired him when he gave his now historic pronouncements. Rather, what he did was merely to reassert the determination of his people, as expressed by the original Pilgrim fathers of the Mayflower, that the New World was to be new in the true sense of the word, that they—the Pilgrim fathers—did not brave the stormy seas to settle in a land that was to continue the odious tyrannies of the Old World.

"The original Monroe Doctrine

ITALIAN BOMBERS ATTACK TWO GREEK DESTROYERS

PRESS DEPLORE HELLE SINKING

LONDON, Aug. 17 (Reuter)—Two separate news agencies carry reports from Athens stating that two Greek destroyers were bombed from the air while on their way to the island of Tinos, off which the Greek cruiser Helle was torpedoed and sunk while attending a religious festival.

One message quotes a high authority in Athens as saying that the attacks were carried out by Italian bombers. This statement says that the officers commanding the destroyers absolutely identified the planes which attacked them on Friday morning.

The two destroyers were only slightly damaged.

The British Government has sent a message of sympathy to the Greek Government on the loss of the Helle.

The Greek press, while it brands the attackers, makes no attempt to guess their identity.

The American press, on the other hand, pins the blame firmly on Italy.

POINTED COMMENT

The sinking of the Greek cruiser Helle as she lay off the island of Tinos, taking part in a religious festival, has drawn pointed comment from the press of three countries.

In the United States, one of the strongest comes from the "New York Times," which says that as the leader of a Christian country Mussolini shows a strange preference for Christian holidays. He carried out his assault on Albania on Good Friday.

"The aggression against Greece—there can be no other word for the sinking of the Helle—took place at Tinos where people from all parts of the country assemble for a religious festival," the paper comments.

The Turkish press denounces the Italian press campaign against Greece, pointing out that the

Italians forget that the British fleet is fully active in the Mediterranean and is seeking an early engagement with the Italian Navy.

In Egypt, the press points out that Egypt is interested in this quarrel between Italy and Greece. Tribute is paid to the firm attitude of Greece in the face of Italian threats.

ROME DENIALS

Rome is following the German model in denying that any Italian submarines were near Tinos when the Helle was sunk.

Stefani, the Italian news agency, even goes so far as to accept the German story about the torpedoing of the Athenia at the beginning of the war and to declare that the sinking of the Greek cruiser was a similar case.

MISTAKE ALLEGED!

General Metaxas, the Greek dictator, states that convoys will be provided for boats bringing the pilgrims back to the mainland from the island of Tinos.

The Italian Naval attaché in Athens yesterday apologised for the aerial attack on two Greek destroyers.

The attaché said the destroyers were taken for British ships.

ATHENS, Aug. 18 (Reuter)—The report that two Greek destroyers have been bombed early yesterday while en route to Tinos to escort pilgrim ships back to the mainland was denied in well-informed Greek circles.

JUDGMENT IN FAVOUR OF HUSBAND: MAINTENANCE SUMMONS

COMPLAINANT SUFFERED, BUT BY HER OWN TEMPERAMENT

WRITTEN JUDGMENT IN FAVOUR of defendant was given by Mr. Q. A. A. Macfadyen at Kowloon Court on Saturday when he dismissed a summons against Nip Ping-chuen brought by his wife, Chung Yuk-ming, 38, seeking separation and maintenance.

THE MAGISTRATE ADVISED complainant she might make satisfactory arrangements with her husband, through her solicitor, concerning her request for separation other than by the Court.

Mr. Hin-shing Lo appeared for status (Westmeath and Westmeath 1829, 2 Hag. Ecc. Supp.) complainant and Mr. D. McCallum for defendant.

Complainant's claim against her husband was that some six months ago he had removed her to a mental hospital against her will, causing her to suffer both physically and mentally, and had taken a concubine with her knowledge and against her desire.

JUDGMENT

In dismissing the summons, Mr. Macfadyen said:—

In applications made to a Court of summary jurisdiction for a separation on the grounds of cruelty, the principles on which the Court must act are similar to those on which Courts with divorce jurisdiction must act.

These, in turn, are based on decisions of the Ecclesiastical Courts which formerly exercised jurisdiction over matrimonial causes.

Since the Ecclesiastical Courts did not want to weaken the marriage tie except for grave cause, the definition of what constituted savagery, or legal cruelty, came to be, shortly, such conduct as to cause danger, or a reasonable apprehension of danger, to life, limb or health.

CASE IN LORDS

The attempted modification suggested by counsel for Lord Russell, in Russell and Russell (1897) A. C. 335, that it need only be such conduct as to make cohabitation (morally) impossible, was not accepted by the House of Lords. It was pointed out that there is, therefore, a distinction between what might popularly be termed cruelty (including 'mental cruelty') and legally recognised cruelty. There is no definition of 'persistent' cruelty, but, according to 'Stone' and 'Halsbury' and other authorities, it means something more than would entitle a petition in the Divorce Court to a judicial separation (Cornall and Cornall 1910, 74 J.P. (379), though having essentially the same meaning.)

CRUELTY DEFINED

These elements of what constitutes legal cruelty have not been modified by recent case e.g. Suncock and Suncock (1932) p.84 (two serious assaults), Donkin and Donkin (1933) p.17 (an assault of a very grave nature in 1933, following on a 'violent' assault in 1928). It is true that cruelty has been defined as 'the wilful infliction of bodily or mental pain.' Consequently, actual physical violence need not necessarily be present, and e.g. a long course of systematic neglect and insult continued until the wife's health breaks down or is proved to be likely to break down under the strain is cruelty, (1891), but not mere neglect and want of affection.

Even where there is physical violence, persistent cruelty means cruelty over a period of time, not a sudden act of violence e.g. during a quarrel. In other words the acts of the party complained against must be wilful, systematic and studied, and must have as their actual or apprehended effect danger to the life, limb or health of the other party.

QUESTION AT ISSUE

The question is, therefore, almost entirely one of fact for the Court. If there is evidence of such studied, serious ill-treatment of the complainant by the defendant, then the Court is bound to make the order asked for.

If, however, the evidence does not disclose these necessary elements, then no order can be made. Finally, the persistent conduct complained of must necessarily be the conduct towards the other party and not conduct, however mutually reprehensible, outside the sphere of the mutual matrimonial relations of the parties. Further, in considering the facts of any particular case regard must be had to the physical and mental condition of the parties, and their character and social

ROUND THE POLICE COURTS

AT CENTRAL

GAMBLING RAID

A fine of \$50 was imposed on Tong Yat-un, 42, widow, by Mr. H.G. Sheldon on Saturday when she was found guilty on a charge of keeping a common gambling house at No. 235, Hennessy Road, second floor, for the purpose of playing dice.

Ten other persons, charged with gambling, were each fined \$5, while nine others who failed to appear had their bail of \$10 each forfeited.

Table money, to the total of \$24, was placed in the Poor Box.

Det.-Sgt. V.M. Morrison prosecuted.

STOLE SHUTTLE

An unemployed tailor, Ip Sheung, 37, appeared before Mr. Sheldon on Saturday on charges of larceny of a shuttle and a shuttle bon, valued at \$12, from No. 173, Johnston Road, ground floor, on August 14, and theft of a singlet on June 18.

Det.-Sgt. Morrison, prosecuting, said that defendant was employed as a tailor in the shop. On Aug. 14 he left without giving notice. At 11 p.m. the next day the master met defendant at Springs Garden Lane and had the latter arrested.

Ip was sentenced to one month's imprisonment on the first charge and 14 days on the second.

POSSESSION OF LETTERS

Charged with possession of two letters, for the purpose of conveying them out of the Colony otherwise than by post, an assistant accountant, Chiu Shing-ki, 23, of No. 189, Lockhart Road, first floor, of Yokohama, Japan, was fined \$20 or, in default, 21 days' imprisonment by Mr. G.T. Lowry on Saturday.

The two letters written in Japanese were found on the person of defendant when he was searched on Friday on the Tung On Wharf. Defendant said that they were given him to be conveyed to Macao and from there to be sent to Canton.

HEAVY BAIL

Alleged to have had in their possession 90,000 heroin pills at No. 5, Fung Wong Terrace, a woman, Cheng Ping, and Chan Hung, unemployed, were charged before Mr. Lowry on Saturday, and were remanded one week on the application of Senior Revenue Officer A.W. Grimmett.

The pills were alleged to have been found in the premises during a raid on Friday.

Bail at \$10,000 each was allowed.

ALLEGED FORGERY

A remand of 72 hours was granted by Mr. Lowry on Saturday in the case in which Cheung Kam-yiu, alias Cheung Kang-shui, 29, broker, was charged with possession of a forged document in the Surveyor's Office, Harbour Department, on July 17, 1938, and with uttering a forged document, to wit, a letter of recommendation.

Mr. H.A. de B. Botelho is appearing for defendant while Det. Sub-Ins. J. O'Brien is for the prosecution.

ARMS AND AMMUNITION

Six Chinese, Wong Tuen, 33, junk master, Wong Ping, partner of junk, Wong Ting, 34, unemployed (passenger), Lau Kwai 42, Li Ping, 34, and Wong Ngan, 27, all junk foks, were charged on Saturday before Mr. K.M.A. Barnett for unlawful possession of arms and ammunition.

It was alleged that they had on board a junk at Shaikwan on Friday six rifles, 229 rounds of ammunition and 13 cartridge cases. A remand of 48 hours was granted for further inquiries.

Inspector W. Russell is in charge of the case.

SLAP NOT UNNATURAL

In other words the wife would or could not forget her grievances, and a slap by the husband in final exasperation seems not unnatural. The husband then accused complainant of shamming ill. When she denied this he accepted her explanation. She herself says about this incident, 'I admit I was emotional.'

BRITAIN'S FAR
EAST POSITION

THE CRITICAL ATTITUDE of American opinion on the decision made recently to withdraw the British troops stationed in North China and in Shanghai is reflected in a leading article in the Manila Bulletin. The writer in the Philippines journal declares that the effect of this decision is four-fold—to force the hand of the United States as to Far Eastern policy, to multiply the moral and physical sense, to invite Japan to speed up her programme, and to strengthen the British Far Eastern military position in a general defensive way, while weakening her position commercially in China. At the same time, the writer admits that, from a practical point of view, the withdrawal of British military forces from China must be regarded as an effective defensive strategy. With this admission we are in full agreement, but in view of the fact that the real motivating factors behind this decision have not been made public by the authorities at home, it is difficult to assess the full value of the move at present. These facts are better known to those who have studied the position in the Far East and who are agreed that such a step would best serve British interests in this part of the world.

WE CANNOT, however, agree with the view held by the Manila Bulletin that this move has been made to force the United States to show a more drastic policy in the Far East and that it will add to the responsibilities of the American troops now stationed in China. It would be wrong to conclude that a close exchange of views on the subject has not taken place between the United States and Britain merely because such a proceeding was not trumpeted out to the world. The fact that in recent weeks there has been close collaboration between America and Britain on all issues which have arisen in the Far East and that leading statesmen in the United States have, on more than one occasion, declared the firm intention of the American Republic to co-operate with Britain and those other powers whose interests in the Orient are liable to be threatened, furnishes a better basis for the assumption that a full understanding must have been reached before the decision was taken. If the United States authorities felt that they were not in a position to take independent action in the Far East, they would assuredly have made this position clear to Britain and advised against this "defence strategy" at the present time.

IT IS MORE LOGICAL to read into this development yet another definite gesture towards the aggressors of the Far East. It is a gesture which is meant to convey to Japan the intimation that America is ready to champion all foreign interests in China against violation and

Typhoon Entering The China Sea

The typhoon which at 10.20 a.m. yesterday was reported by the Royal Observatory to be about 200 miles north-east of Manila, moving N.W., will probably enter the China Sea during the early hours of this morning. It was reported at 5.30 p.m. yesterday to be crossing North Luzon on a north-west track.

Fresh East and N.E. winds, increasing to a gale, are expected between Pratas and North Luzon.

The position of the typhoon was reported, at 10.05 yesterday morning, as being within 60 miles of lat. 17N., long. 124E., moving N.W. At 5.30 p.m. the position was within 60 miles of lat. 18N., long. 123E., moving north-west.

Fine weather is forecast for today. The maximum temperature yesterday was 87 and the minimum 78.

Pressure is highest over the Pacific to the east of Japan, the Royal Observatory report adds.

H.K. SYMPATHY
ACKNOWLEDGED

In reply to a telegram sent from Hongkong, by His Excellency the Acting Governor expressing sympathy with the Australian Government over the recent air disaster there, the following reply was received by His Excellency from the Prime Minister of Australia, Mr. R. G. Menzies, on Aug. 16:—

"On behalf of the Government and people of Australia, I desire to express sincere appreciation of your kind message of sympathy."

—Menzies.

that they are prepared to take over the first line of defence against any such design, so as to enable Britain to strengthen her second-line of defence to the west of that line. The transfer of 1,500 men either to Hongkong or to Singapore might be considered negligible to the lay mind, but from a military point of view, the reinforcement of already prepared defences by even such a small force may constitute an important military measure, the real effect of which will only become apparent in actual operations. There are indications, according to reports from Shanghai, that this arrangement between Britain and America—and there is no proof that such an arrangement does not exist—might be put to a test on the question of taking over the vacated British sectors in Shanghai. Already, if published reports are correct, the Japanese suffered a setback at the meeting of the defence commanders, who decided by vote that the British sectors should be jointly patrolled by Americans and Japanese. This setback might lead to further repercussions, but it confirms our belief that the United States has definitely decided to have a say in any fresh developments that might arise in China and that America will not shrink a showdown with Japan in matters affecting foreign interests in the Far East.

Wreaths were sent by those who attended and by the Precious Blood Hospital.

WHAT AMERICA THINKS

Seventy-One the speed and
To Seven the decisiveness of the U.S. senate vote on

a measure including authorisation for the President to send national guard troops to the Philippines gave an emphatic answer to those who attempted to raise the question of American defense of the Philippines.

By a vote of 71 to 7, a little better than ten to one, the Senate approved the bill to authorise the President to call national guardsmen and reserve officers to active duty for any period up to a year, after speedy defeat of an amendment which would have eliminated the Philippines from the areas to which the guardsmen could be sent.

The bill, prepared as an administration measure and supported by next-to-unanimous vote in the senate specifically and unequivocally recognizes the American responsibility for Philippine defense. In light of the extraordinary interest in the Far Eastern situation, in light of the fact that the Washington administration and the American people are most seriously concerned over the trend of events, this American answer to Japan's programme for the "new order in Greater East Asia" is just about as reassuring to the Philippines as anything possibly could be.

It is well that the U.S. senate's small group of obstructionists brought up the Philippines question because thereby they closed the way against any who would say the commitment as to the Philippines was only incidental. When seven raised the question seventy-one answered it, answered it with unmistakable emphasis.

IMPERIAL AIRWAYS
NEW SCHEDULE

IMPERIAL AIRWAYS NEW AIR SERVICE SCHEDULES of two services a week between Hongkong and Australia will commence a week earlier than originally announced, according to information received from the local Office.

This will considerably speed up the air mail service to and from the Colony.

The first outward service from Hongkong, carrying mails for both east and west bound flying-boats, will now leave Kai Tak on Wednesday morning, Aug. 21, instead of on Aug. 23, while the first inward service on the new schedule is due to arrive in Hongkong on Tuesday, Aug. 27.

Under the new schedule, Imperial Airways services will leave Hongkong for Australia on Wednesdays and Sundays, and inward services will arrive in the Colony on Tuesdays and Fridays.

Air mail to Malaya, the Netherlands, East Indies, India, Egypt and Central and South Africa will be included in the new services and mail for the United Kingdom will go to Durban from where it will be conveyed by steamer.

The three air mail service routes to the United Kingdom in operation at present are: Imperial Airways, via Durban (\$115 per half ounce); Pan-American and trans-Atlantic service (\$5); Pan-American trans-Pacific and by sea across the Atlantic (\$3.50 per half ounce, plus 15 cents per ounce).

DEPARTURE FROM
KAI TAK

Imperial Airways outward service by the Dorado (Capt. Dykes and F/O Harvey), left Kai Tak yesterday morning, taking mail for Indo-China and Durban, thence by sea to the United Kingdom, and two passengers.

ARRIVAL

Imperial Airways inward service, Delphinus (Capt. M. Brunton and F/O Samuels) brought four passengers and 125 kilos of mail.

The next outward service is scheduled to leave Hongkong taking mails for Indo-China, Malaya, Java and Australia, on Wednesday morning.

An inward service by Imperial Airways is due to arrive at Kai Tak this afternoon.

CLIPPER TOMORROW

Pan American Airways HONOLULU CLIPPER, bringing U.S. mails dated San Francisco, Aug. 13, is scheduled to arrive at Kai Tak tomorrow afternoon from Manila and will take off on her return flight on Wednesday morning.

The CHINA CLIPPER is due to arrive a week later—on Tuesday, Aug. 27—and will leave the next morning.

EURASIA RAISES
FARES

CHUNGKING, Aug. 18 (Central)—To cover increased overhead expenses, the Eurasia Aviation Corporation, with the approval of the Ministry of Communications, has announced all-round increase in passenger fares along all the lines as from August 15. The new passenger fares are:

The following additions to the Register of Medical Practitioners entitled to practise medicine in the Colony are published for general information: Dr. Ho Hung-chiu, M.B.B.S. (H.K.), 17, Belfair Road, Kowloon; Dr. Chu Kwok-king, M.B.B.S. (H.K.), St. John's Hall, Hongkong University.

An 18-year-old boy, Wong Kam-lun, was bitten on the right leg by a dog while working on the roof of No. 219 Nathan Road, according to a report made to the Police by Mr. G. A. Silva. Wong was given medical treatment and the dog was sent to Matankok for observation.

Newsettes

It is reported from Shanghai that Sir Archibald Clark Kerr, British Ambassador to China, will leave Shanghai about Aug. 26 for Hongkong, en route to Chungking, says Central News.

The next Criminal Sessions will open in the Supreme Court tomorrow at 10 a.m.

Mr. R. A. C. North resumed duty as Secretary for Chinese Affairs on Aug. 12.

Mr. Benjamin Pengelly has been enrolled in the Hongkong Defence Reserve in the Key-Posts Group.

Mr. N. W. Smeby, of Thoresen & Co., Ltd., Hongkong, left the Colony for Singapore recently, accompanied by Mrs. Smeby.

Mr. John Basil Smith has been appointed to be Acting Sub-Lieutenant in the Hongkong Naval Volunteer Force, with effect from July 23.

Mr. S. H. Langston and Mr. Peter Tod have been given permission to quit the Hongkong Defence Reserve, with effect from Aug. 1 and Aug. 9, respectively.

Miss Nora Witchell, who was an outstanding hockey centre-half while at Central British School the season before last, has returned to the Colony from Manila.

A woman gave birth on board the Yau-mat Ferry launch, Man To, on Friday morning. The birth took place about 9 a.m. when the ferry was crossing the harbour from Kowloon.

Mr. George T. Lowry has been appointed to perform the duties of a magistrate, with effect from Mar. 13. Mr. Lowry arrived in the Colony on Aug. 9 and assumed duty on Aug. 10.

The following commissions in the Hongkong Volunteer Defence Corps have been approved by His Excellency the Officer Administering the Government: Dr. Solomon Bard to be Lieutenant and Sergt. John Barrow to be Second Lieutenant.

Mr. Ellery Denison will address the Hongkong Rotary Club tomorrow at its weekly tiffin meeting, on "The Pictorial Issue of the British Empire." The address should prove of particular interest to philatelists in Hongkong. At the following meeting of the Rotary Club, on Aug. 27, Dr. Gordon King will give a piano recital. His programme is entitled "Chopin and His Music."

ROOSEVELT PLAYED FOR COURTING UNWANTED CONFLICT

Frank Nomination Speech By Republican Candidate

ELWOOD (INDIANA), Aug. 17 (REUTER).—MR. WENDELL WILLKIE, IN HIS SPEECH ACCEPTING NOMINATION AS REPUBLICAN CANDIDATE FOR THE PRESIDENCY, DECLARED YESTERDAY: "WE MUST HONESTLY FACE OUR RELATIONSHIP WITH GREAT BRITAIN."

"We must admit that the loss of the British fleet would greatly weaken our defence. If the British fleet were lost or captured, the Atlantic might be dominated by Germany, controlling in that event most of the ships and ship-building facilities of Europe."

"This would be a calamity for us. We might be exposed to attack on the Atlantic. Our defence would be weakened until we could build a navy and air force strong enough to defend both coasts."

He was opposed to business beat him on our own terms and in "Also our foreign trade would be profoundly affected. That trade is vital to our prosperity but if we had to trade with a Europe dominated by the present German trade policies, we might have to change our methods to some totalitarian form."

"This is a prospect any lover of Democracy must view with consternation."

"I should like to state I am in agreement with those two principles as I understand them and I don't understand them as implying military involvement in the present hostilities."

"I am glad to pledge my whole-hearted support to the President in whatever action he may take in accordance with these principles."

"I trust I have made it plain that in the defence of America and our liberties I should not hesitate to stand for war."

"But I believe it is the first duty of the President to try and maintain peace."

"I should like to state I am in agreement with those two principles as I understand them and I don't understand them as implying military involvement in the present hostilities."

"I am glad to pledge my whole-hearted support to the President in whatever action he may take in accordance with these principles."

BREACHING OF THE SIN RIVER

CHINESE ACCUSE JAPANESE

CHUNGKING, Aug. 18 (REUTER).—Chinese reports from North Honan accuse the Japanese forces there of breaching the Sin River, north-east of Sinyang. The river is said to be flowing to the south-east, inundating the countryside and destroying crops.

The Japanese action, the reports allege, is aimed at stopping the activities of Chinese mobile forces in North Honan.

According to another Chinese report eight breaches occurred in the dykes of the Yellow River, opposite Chungking on the eastern section of the Lungai railway.

STEADILY RISING

The Yellow River is steadily rising and five breaches occurred in the dykes in the Taining district which was entirely inundated, declares a Chinese dispatch from Loyang.

The flood situation in North Honan is said to be approaching the scale of the big Yellow River flood tragedy in 1938.

TRANSYLVANIA QUESTION

AXIS ARBITRATION IF DEADLOCK

BUCHAREST, Aug. 18 (REUTER).—The Rumanian Crown Council met yesterday to consider Hungary's demands in regard to Transylvania.

It is understood that proposals have been brought back by M. Valerian Pop, Rumanian delegate, from Turnu Severin, and envisage the cession of about two-thirds of Transylvania.

Well-informed circles here believe that M. Pop will take the Rumanian counter-proposals when he returns to Turnu Severin on Monday.

If a deadlock is reached in the talks it is probable that Axis arbitration will be sought.

Meanwhile it is understood that Bulgaria will get southern Dobruja and it is expected that an agreement will be signed at Craiova early next week.

GERMAN COASTAL VESSEL DETAINED

SHANGHAI, Aug. 18 (REUTER).—A German coastal vessel was recently detained by the Japanese naval authorities after sailing to Au Kong, a port near Wenchow in the vicinity of Shanghai. It was alleged to have violated the Japanese ban on coastal navigation, according to the North China Daily News.

The German vessel is said to have been boarded by officers of a Japanese naval patrol who questioned the captain and requested him to leave the Wenchow area.

Japanese naval operations east of Chekiang for the purpose of controlling territory still held by the Chinese resulted in the extension of the shipping ban to Wenchow and other ports which had a good trade with Shanghai.

The closing of Wenchow was a severe blow to coastal shipping owing to the prominence of the port and its big trade with Shanghai.

JUBILANT NONSENSE ON FIRST AIR ATTACK ON LONDON

EURASIAN HERO OF SHOOTING

GRAPPLED WITH TERRORIST

SHANGHAI, Aug. 18 (REUTER).—A young British Eurasian, Mr. Paul Kaye, was the hero of a political shooting in the French Concession of Shanghai today.

Gummen attacked and seriously wounded Daung Koh-liang, a Chinese engineer at his home. Mr. Kaye grappled with one of the terrorists when he ran from the house.

The second man fired on Mr. Kaye, who had a lucky escape, the bullet glancing through his hip-pocket.

The two men then escaped.

Unconscious Tribute Paid Royal Air Force By Nazis

LONDON, AUG. 17 (REUTER).—FRIDAY WAS THE FIRST TIME THAT BOMBS WERE DROPPED ON LONDON SINCE THIS WAR BEGAN, AND THE GERMAN PRESS AND RADIO HAVE BEEN POURING OUT A CONTINUOUS STREAM OF JUBILANT NONSENSE ABOUT WHAT THE NAZI PLANES ARE SUPPOSED TO HAVE DONE.

London's air defence was apparently considered too strong for the ordinary rank and file, for it was stated that the task was assigned to a special squadron.

Another unconscious tribute was: "Like mosquitoes, British fighters appeared in the air. Hurricanes and Spitfires everywhere."

The German account of what happened gives a long list of aerodromes, docks and munition factories destroyed. The accuracy of this account may be judged from the description of it, which said that strong fires and smoke clouds developed on both sides of the Thames Estuary.

On every side pits and craters appeared. Black smoke spread all over London and became thicker and blacker.

Londoners, on the other hand, heard no exploding munitions factories and have not seen any thick clouds of black smoke!

REPORTS ON SPOT

News reporters on the spot when the actions took place and so know better than Berlin what occurred have described something of what they saw.

Most of the fighting was too high for the planes to be seen, although the noise was easily audible.

At one coast port, five enemy planes came crashing down out of the sky one after another—four on land, one in the sea.

German airmen were seen coming down in their parachutes. One landed in a garden, but he was dead.

HOUSES STRAFED

One fight seen from the ground resulted in a Spitfire shooting down a Heinkel and a Messerschmitt within two minutes.

The Spitfire shot the Heinkel down into a wood, where it blew up. It then "somersaulted" and fastened onto the Messerschmitt, firing quick bursts into it. The Messerschmitt crashed down into a field and exploded.

Seventy Nazi dive-bombers came down to 50 feet to machine-gun houses and traffic.

NEUTRAL COMMENT

LONDON, Aug. 18 (REUTER).—Commenting yesterday on the raids on London the New York Times said everything that was graceful, clean, honourable and free in German life was swept aside to make way for the war machine.

"Can there be any escape from the conclusion that there can be no peace, no security and no safe island of civilisation on this earth if the power that rained indiscriminate death on London yesterday is allowed to triumph?"

BESOTTED NAZIS

"Can we make treaties with such a power? Can we compromise with murder and slavery? Can we buy from a slave power and sell to it, travel in its territory and welcome its besotted admirers in our own land?"

"If we ourselves propose to keep our freedom and honour, we cannot."

FAR GREATER

During the Great War, losses were far greater. At one time in was four times as great as the present. Nevertheless, the Allies by building new ships have succeeded in satisfying the submarine requirements

BOY KILLED IN HOUSE COLLAPSE

According to a Police report on Saturday a 15-year-old boy was killed when the roof of No. 262, Queen's Road West collapsed.

A woman who was believed to have been buried in the debris had not yet been extricated.

Four other persons, including a 10-year-old boy, who were injured in the collapse, have been sent to hospital.

Maintenance Summons

Continued From Page 5

The next incident, on which the complainant mainly relies, is that of the May 29, 1940, when complainant was admitted for observation to the Mental Hospital. This is represented as a wilful and deliberate insult by the husband, and designed to have the serious effect on complainant's health which it apparently did have.

What are the facts? Complainant was at this date again staying at her mother's. Her husband called for her during the day and took her to a doctor as she was still not in good health. That evening he called for her rather later than she had expected, to take her home.

HUSBAND ACCUSED

She immediately accused him of having been to see his concubine, and, according to her sister-in-law's evidence, refused to listen either to his denial or any explanation from him.

Even before his arrival she had apparently been in a rather emotional state. Her accusations led to another verbal scene, during which the other members of the family tried vainly to pacify her.

There is more than a suggestion that she again threatened suicide, which the sister-in-law, for her part, did not take seriously.

(She however, had not had the same experience as complainant's husband). It is not really surprising, therefore, that though complainant thought she was being taken home, her husband thought it wiser, in view of her hysterical behaviour, to take her to the Queen Mary Hospital. From there she was redirected to the Mental Hospital, as being more appropriate. From the fact that he took her first to the Queen Mary Hospital it is obvious that he had, in any case, no deliberate intention of treating her as a person of unsound mind.

However, her behaviour that evening, combined with previous events within the knowledge, evidently suggested that, for her own safety, institutional care would be a wise precaution.

COMPLAINANT'S ALLEGATION

Two days short of the usual ob-

servational period of one week he removed her from the hospital, presumably because he was satisfied that, though highly emotional, she was not of unsound mind.

There are two further aspects of this incident. Complainant alleges she was carried into the hospital against her will. She herself, at the time, did not know it was a mental hospital. In view of her hysterical state and the possibility, by no means remote, of the need to restrain her from injuring herself, I have no doubt that a certain amount of compulsion was considered necessary. In any case no excessive violence was alleged against the husband. Secondly, complainant alleges that the fact of finding herself in a mental hospital and the treatment she received there gave her a great shock and made her ill again.

I have no doubt it was very unpleasant indeed for her, and that having to conform to the hospital reputation was very different to her own home life. Her husband, however, as far as he was concerned, was placing her in competent hands, and removed her from the hospital at the first opportunity.

VICTIM OF TEMPERAMENT

In none of these incidents therefore, singly or in conjunction, can I find any evidence of that protracted, deliberate, gross ill-treatment, which would justify a finding of persistent cruelty. Complainant has undoubtedly suffered, but her suffering has been caused mainly by her own temperament, and her inability to overlook the fact of her husband retaining his concubine (which does not amount, to legal cruelty on his part). I am satisfied that if the husband were to part with his concubine, complainant would have no hesitation in returning to him, without fear of danger to life, limb or health. In the circumstances it is unnecessary for me to call on the husband for his evidence, as I am satisfied that the complainant has not made out a sufficient case on which this Court could make an order.

THE DIAMOND INDUSTRY

ENGLAND TO BE WORLD CENTRE

LONDON, August 17 (Reuter).—England will soon be the world centre of the diamond cutting and polishing industry. She already controls the rough diamond industry. Expert cutters and polishers have arrived from Holland. One factory has already been started at Birmingham and nine more will follow it without delay. There are enough Dutch refugees in Britain to start all 10 factories.

LACK OF MATERIAL

The balance of the 20,000 Dutch skilled operators in Holland are at a standstill, owing to a lack of the rough diamonds, which are controlled by Britain.

When the Nazis arrived in Amsterdam, the last cases of machinery for Britain were still there. They have not arrived since. From photographs, British draughtsmen made plans from which the actual parts could be manufactured.

Excluding gold, Canada's domestic exports in May had a value of \$109,852,000 compared with \$79,932,000 in the corresponding month of last year.

TRANS-CANADA AIR LINES

Passenger, mail and express traffic of the Trans-Canada Air Lines in May showed substantial increases over April. During the month, 4,562 passengers were carried, an increase of 1,363.

Mails amounted to \$8,843 pounds, which was an increase over April of 10,984 pounds and 8,207 pounds over the previous high month, December. Air express shipments numbered 1,579, totalling 8,699 pounds, as compared with 1,178 pounds and 6,149 pounds.

The average length of passenger journey in May, was 551 miles, as compared with 568 miles in April and 508 miles in March. The overall percentage of miles completed to miles scheduled was 99.6 per cent.

At the end of May, flight personnel totalled 124, of which 37 were captains, 35 first officers, eight undergoing training as first officers, and 44 stewardesses.

H.K. EXCESS OF REVENUE OVER EXPENDITURE

Hongkong's excess of revenue over expenditure is growing and growing. At the end of April it stood at \$18,239,668, according to the Government Gazette.

On May 31 it was revealed to be \$18,503,080.

Revenue for May totalled \$3,785,615 as against expenditure of \$3,522,123.

Every heading, save that of miscellaneous receipts, which were about \$1,700 down, showed increases over that for the same period last year.

Duties were up to \$991,921. Assessed Taxes amounted to \$805,079. Internal Revenue brought in \$405,661. Fees of Court produced \$540,312. Water Revenue was up to \$164,385, the Post Office increased to \$322,462, and even the Kowloon-Canton Railway receipts were up from \$87,752 to \$73,088. Land Sales leapt up from \$40,091 to \$209,102.

As a result May's revenue was only just slightly less than \$1,000,000 ahead of that for May last year, and up to the end of that month revenue for the year totalled \$18,910,505 out of an estimated total for the year of \$50,861,470.

EXPENDITURE MORE

Expenditure was also heavier, but not quite to the same extent. The May total was some \$831,803 in excess of that for the same month last year.

Principal increase was in charitable services which absorbed \$224,218 as compared with \$52,487. Another important item was \$225,360 for air raid precautions. The same heading in May last year required but \$69,256. The Harbour Department also needed extra money and cost \$186,087 which was \$118,536 more than last year. The Post Office also required close on \$100,000 more than in May, 1939, and the Water Works absorbed an additional \$100,000.

MINING PROGRESS IN QUEBEC

Mining in Quebec has made spectacular progress in the past decade, the output in 1939 having reached a record value of \$77,112,479 as against \$48,368,285 in 1929.

Quebec now ranks as Canada's second greatest producer of minerals, and its attainment of this position may be traced largely to two outstanding developments, namely the opening up of asbestos deposits in the Eastern Townships in 1878 which made the province the world's chief source of asbestos, and the discovery of the Noranda copper-gold deposits in 1920 which paved the way for the growth of the province's metal mining industry.

Since smelting operations began at the Noranda mine in 1921, Quebec's gold output has advanced from \$172,217 to \$34,459,648 in 1939, practically the entire output coming from the northwestern section of the province. Here in a mineralised belt of rocks, extending from the Ontario boundary eastwards through eleven townships, are most of Quebec's gold producing properties, all of which have entered production within the past eleven years.

COPPER-GOLD ORES

Although the copper-gold ores of Noranda continue to be the chief single source of Quebec's gold output, production from the gold properties is steadily increasing, and twenty-one such mines are now in operation.

Apart from gold, the Noranda deposits, which lie near the westerly limits of the belt, contributed close to 18 per cent of Canada's total copper output in 1939. Elsewhere in northwestern Quebec, interest has been centred largely in developments in the Waite-Amulet area following the disclosure of large tonnages of copper-zinc ores at that property within the past two years.

RECORD VALUE

Asbestos is Quebec's chief non-metallic mineral, production of which reached a record value of \$15,858,492 in 1939. Deposits of this mineral in the Eastern Townships are the largest known in the world and reserves are sufficient to permit operations on the present scale indefinitely.

An important feature of this industry is the development of the block-caving method of mining the deposits, which came at a time when many of the open pits had been worked almost to the economic depth.

Prior to the use of this method, operators were faced with rising costs and the prospect of being unable to recover much valuable rock in the walls of the pits. Although no active development has taken place as yet, considerable importance is attached to the recent discovery of deposits of beryl at Bryson and at Wakefield in Quebec.

CONSTRUCTION CONTRACTS

Due largely to building of new, or expansion of old, industrial plants, Canadian construction contracts awarded during June reached the highest monthly total in nearly ten years.

The June total of \$39,097,000 has not been exceeded since November, 1930 and is 39.2 per cent greater than contracts awarded in May, 1940, and 55.1 per cent higher than the total of June, 1939.

In the first half of 1940, construction contracts awarded have totalled \$125,435,000, which is 50.3 per cent higher than the \$83,445,900 of contracts awarded in the first half of 1939.

Contemplated work reported for the first time during June totalled \$42,051,300 as compared with the corresponding total of \$33,469,300 in May, 1940 and \$36,423,100 in June, 1939.

The largest single item for the month is \$8,000,000 for a munitions plant in Eastern Canada.

JAPAN AND NORTH SAGHALIEN

TOKYO, Aug. 17 (Reuter).—The question of Japanese-owned oil and coal concessions in North Saghalien was discussed in Tokyo yesterday afternoon by Mr. Haruhiko Nishi, director of the European and Asiatic Affairs Bureau of the Foreign Office, and M. Dmitri Jukov, Counsellor to the Soviet Embassy, states a semi-official Japanese report. The conversation lasted two hours.

REFUSE DISPOSAL: MOTION BEFORE URBAN COUNCIL

At an Extraordinary meeting of the Urban Council to be held on Tuesday, August 20, 4.15 p.m. Dr. A. M. Rodrigues, pursuant to notice, will move:

"Whereas it has been shown that the present form of refuse disposal is capable of improvement in detail and the hope expressed that this might be carried out at an early date.

Be it resolved that Government be recommended to adopt without delay the measures for improvement contemplated by the Urban Council."

OTHER BUSINESS

Correspondence in connection with a proposal to initiate a system of scavenging of the twenty six villages in the vicinity of Kowloon City.

Further application for permission to use the basement of No. 1, Hill Wood Road as a shop. Correspondence relative to the eating-house licence for No. 15, Spring Garden Land, ground floor.

Correspondence relative to the food factory licence for No. 177, Portland Street, ground floor.

Commercial failures in Canada in the first quarter of 1940 were considerably lower than in the first quarter of 1939. Assignments decreased from 371 to 331, a decrease of about 11 per cent. The defaulted liabilities were somewhat lower at \$3,533,992 as compared with \$3,582,118.

ADMIRALTY WARNING

LONDON, August 17 (Reuter).—The Admiralty announced in London yesterday afternoon that certain areas in the English Channel and the Bay of Biscay are a danger to shipping.

Ships entering or leaving ports in the English Channel should apply to the Senior Naval Officer in a British port or, if in a foreign port, to the British Consul, for the route to be taken. Ships failing to do this proceed at their own risk.

NEW AREAS UNDER CROWN RENTS ORDINANCE

By a Proclamation issued by His Excellency the Officer Administering the Government, the following lots, areas or districts shall come under the application of section 13 of the Crown Rents (Apportionment) Ordinance, 1936 (Ordinance No. 4 of 1936), as from Aug. 18, 1940:

Quarry Bay Marine Lot No. 1; Rural Building Lot No. 18; Rural Building Lot No. 60; Marine Lot No. 177; Inland Lot No. 416; Inland Lot No. 620; Inland Lot No. 619; Inland Lot No. 3539; Kowloon Inland Lot No. 48; Kowloon Inland Lot No. 208; Kowloon Inland Lot No. 551; Kowloon Inland Lot No. 1168; Kowloon Inland Lot No. 2135; Kowloon Inland Lot No. 2516; New Kowloon Inland Lot No. 1109.

COLONY HEALTH RETURNS

The health bulletin of Eastern ports for the week ending August 10 is as follows:—

Cholera—Cawnpore 39 cases, Calcutta 39, Shanghai 52, Karachi 2, Vizagatam one.

Small-pox—Calcutta 16, Port Sudan 9, Bombay 6, Rangoon 3, Allahabad and Madras 2 each, Delhi, Cawnpore and Hongkong one each.

NEXT WEEK'S BLACK-OUT

INSTRUCTIONS TO SHIPPING

In connexion with the blackout which is to take place in Hongkong on the night of August 27/28, the following is issued at the request of the Director of Air Raid Precautions for the information of shipping:—

In this exercise, the blackout will automatically commence at sunset (1845 hours) AND NO AIR RAID WARNING WILL BE SOUNDED AT THIS HOUR. It will, however, be sounded at some period during the dark hours to indicate the imminence of an imaginary air attack.

AT SUNSET (6.45 P.M.)

(a) All external lighting on board vessels, with the exception of navigation and riding lights, is prohibited, and all internal lights must either be extinguished or obscured so that no light is visible either from above or from any other direction.

(b) The Port will be closed to all inward and outward shipping from sunset on the 27th to sunrise on the 28th August, 1940.

(c) The following lights in the Hongkong area will be extinguished on the night of August 27th/28th, 1940:—

Waglan Island, Tathong Point, Cape Collinson, South Lyemun, North Lyemun, Channel Rocks, Cast Rock, North Fairway Buoy, Central Fairway Buoy, South Fairway Buoy, Green Island, Cheung Chau Island Passage.

Normal lighting will be resumed on the night of 28th/29th August.

THIRTY MINUTES AFTER SUNSET (7.15 P.M.)

Navigation and riding lights must be extinguished, and all movements of shipping and other craft must cease.

N.B.—Should any vessels, etc. be under way at this hour, they should proceed with navigation lights alight to the nearest safe anchorage or jetty, and after either anchoring or securing, navigation and riding lights must be extinguished.

The termination of the exercise will be indicated by the sounding of "Raider Passed" signal, when normal lighting and navigation may be within the Port Limits.

New List Of Enemy Firms

Under the Trading with the enemy Ordinance, the following firms are deemed to be an enemy within the meaning of that Ordinance, according to a Government Gazette notification:

POST OFFICE FUNCTION

Presentation To Mr. Bishen Bass

Mr. Bishen Bass, chief clerk in the parcel department of the General Post Office, has resigned from his service after nearly 40 years service with the Post Office. Mr. Bass joined the Department in 1903 and during his time he has seen many changes both in the post office building and the administration.

There was a pleasant function in the Post Office on Saturday when Mr. R.A.D. Forrest, Postmaster General, presented Mr. Bass with a watch on behalf of all members of the staff. In making the presentation, Mr. Forrest referred to his abilities and the respect in which he was held by the other members of the staff and his keen sense and devotion to duty.

America Is In As Great A Peril Today As Was France A Year Ago

PHILADELPHIA, Aug. 18 (REUTER)—MR. WILLIAM BULLITT, the American Ambassador to France declared at a mass meeting here:

"IT IS MY CONVICTION THAT THE UNITED STATES IS IN AS GREAT A PERIL TODAY AS WAS FRANCE A YEAR AGO."

"I believe that unless we act now and decisively to meet the threat, we shall be too late."

IN DEFIANCE OF NAZI WARNING

BERLIN, Aug. 18 (REUTER)—The German news agency announced that the American Government yesterday ordered the transport vessel, American Legion, to leave Petsamo with American evacuees in defiance to the German warning that the route chosen will be accompanied by great danger.

The agency added that the Reich Government has informed the American Embassy in Berlin that the United States Government must accept full responsibility for its decision.

While delivering goods to Mr. J. H. S. Duncan's residence, No. 240A Prince Edward Road, on Thursday a delivery coolie of the Dairy Farm was bitten by two dogs belonging to Mr. Duncan, according to a Police report. The dogs had been sent to Matakook for observation.

Mr. Bullitt also declared the truth was that the destruction of the British Navy would be the turning of America's Atlantic Magazine line.

The soothing words of "magnolia" were the refrain of the lullaby of death for France. The soothing words of the Atlantic Ocean were being used now by the propagandists of the Dictators in the hope that they may become the lullaby of death for the United States.

CANNOT STOP

There were Americans who argued that if Hitler should conquer Britain, he would be content. They believed that the United States would be able to co-operate happily with a Hitler empire in Europe.

"To believe this is to misunderstand the entire Nazi system. It cannot stop in its tracks. It can only be stopped."

Japanese Seize Valuable Wireless Equipment In French Concession

SHANGHAI, AUG. 18 (REUTER)—A QUANTITY OF WIRELESS EQUIPMENT, REPORTED TO BE VALUED AT \$20,000,000 left by the Chungking Government with the French authorities for safe-keeping, was removed from a building in the French Concession by Japanese gendarmes, following an agreement with the authorities in the Concession, according to the SHANGHAI TIMES.

The equipment, turned over to the French by the Ministry of Communications before the Chinese forces retreated from Shanghai in November, 1937, was discovered by the Japanese some time ago.

On Aug. 16 the Japanese asked the French authorities to search the building, and the latter agreed. After an investigation, the Japanese attempted to remove the

equipment but the French officials were opposed to this.

After 12 hours of negotiations, the French authorities agreed to the Japanese request. On the night of Aug. 16, the Japanese sent 32 military trucks with a large squad of gendarmes and started removing the equipment which continued through to Saturday morning.

KNOWLEDGE DISCLAIMED
The French Concession police authorities disclaimed knowledge that a large amount of wireless equipment was removed from a godown in the French Concession by the Japanese, following an agreement with the French authorities, according to the CHINA PRESS.

A police spokesman told the China Press that they understood the wireless equipment was owned by the Central China Telegraphic Communication Company, a Japanese concern. In view of this fact, he said, the removal of the equipment from the godown by the Japanese was a private matter not requiring police action.

The police spokesman said that the value of the equipment was small.

Another official of the French Concession stated that he knew of no such agreement between the French Municipal Council and the Chungking Government for the equipment to be left in the safe-keeping of the French authorities for the duration of the hostilities.

TWO SUICIDE ATTEMPTS

Chan Ya, 29, who fell from the fourth floor of No. 10, Tate Street, yesterday, was rushed to hospital and died about 3 p.m.

A woman, named Fung, 20, reported to have fallen from the third floor of No. 34 Tate Street was seriously injured.

Suicide is suspected in both instances.

SEVEN KIDNAP SUSPECTS HELD

Smart police work by detectives of the Yaumatei Police Station has resulted in the arrest of seven men who are alleged to be responsible for the attempted kidnapping of a wealthy business man on Tuesday last.

Working on the theory that the affair might have been an inside job, detectives on Friday arrested seven persons, including the accountant of the Tai Ping Restaurant.

Two intruders, armed with daggers, forced their entry into the house of Wong Fa-sum, No. 14 Bowington Road, Wanchai, and took \$500, a gold necklace, gold watch, gold wristlet watch and gold ring.

The robbers had made good their escape.

SHANGHAI, Aug. 18 (REUTER)—A Chinese burglar, named Ling Foh-ching, was sentenced to 18 months' imprisonment for the theft of more than \$2,000 worth of silverware from the residence of Mr. K. Selby-Walker, Far Eastern Manager of Reuters.

Conferred In Coach

OGDENSBURG, Aug. 18 (REUTER)—President Roosevelt and Mr. Mackenzie King, the Prime Minister of Canada, met yesterday to discuss matters of defence and conferred in the President's railway coach.

No communiqué was issued, but the President told the press that he might have something to say about the meeting on Sunday.

A Washington message says the absence of a Canadian observer at the United States Army manoeuvres was commented upon by President Roosevelt yesterday when he remarked that Canada was part of the American defence scheme.

INTERNATIONAL BASEBALL

Continued From Page 2

and sped home when Spotty Pereira unleashed another wild throw to the middle cushion. Keeping up the good work, Mike Mendonca dropped another third strike to allow Dave Leonard to get on base, this error costing another tally when Dave was driven in for the tying run, by Pat Jorge's triple bagger to right.

LAST INNINGS

Coming into the seventh with the score knotted at 6-all, Britain could not register despite getting a man on base. With Portugal at bat, Tony Alves fanned and A. V. Gosano filed out to third, making it two outs and none on.

Zinho Gosano was given a lift when Cray failed to hold his hot liner and advanced when Spotty Pereira took a pitch on the arm. Nick Beltrao walked to load the sacks and Mike Mendonca came to the plate.

With the count in his favour hurler Dave Leonard unleashed a wild pitch that allowed Zinho Gosano to stroll across the pan with the winning tally, providing a rather anti-climatic finish to an interesting and exciting ball game.

FRIENDLY GAME

After that tussle, China and the Tulsa-Mindanao combine fought to a seven innings 3-all draw before the game was called. A ding-dong struggle all the way, this friendly fixture provided most entertaining fare for the hardy fans who turned out without any expectation of seeing ball games of such calibre.

Frenchmen To Refrain From "Verbal Warfare"

SHANGHAI, Aug. 18 (REUTER)—Criticism of the national policy of the Peking Government by Frenchmen in the colonies and the French Concession in Shanghai and other cities in China, prompted the French authorities to issue an order demanding that Frenchmen refrain from engaging in "verbal warfare" either in defence or in the criticism of the policy adopted by the French leaders.

The following order was issued by M. Henri Cosme, French Ambassador to China, according to the Journal de Shanghai:

"All Frenchmen have freedom to express their regrets and hopes. Their loyalty, nevertheless, should

neither waver nor be divided for France has but one Government. "Its power has been conferred upon it legally by the National Assembly in the form provided for by the Constitution of 1875. "Since, arms have been laid down, all verbal warfare is in vain and may prove disastrous for the Frenchmen who live in France. In order that the people may abstain from doing this, we appeal to the unity, reserve and dignity of Frenchmen in China."

PRECISE OBLIGATIONS

"As for the officials of the French Concessions in China, their most precise obligations have been determined and sanctioned by the first article of the order of April 9, 1940."
